Vision:
Emory Radiology and Imaging Sciences will be a destination for those who seek excellence and continuous innovation in medical imaging.

Mission:
The Emory Department of Radiology and Imaging Sciences is a community dedicated to the promotion of health, discovery and innovation, and educating the future healthcare workforce. We embrace and celebrate a collaborative culture, adaptive approaches to continuous innovation, and aligned partnerships in patient-centered care.

Strategic Plan 2018-2022
Designing the Destination

Goal 1: To enhance the Emory Radiology employee experience, we will:
• Elevate and uphold our commitment to diversity, equity, and inclusion.
• Optimize the way we attract, select, integrate, engage, and advance our people.
• Promote and support a culture of employee well-being.
• Foster a workplace community of engaged individuals and high-functioning teams.

Goal 2: To optimize service and outcomes to Emory Radiology patients, families, and our partners in care, we will:
• Improve patients’ access to our services and their pre-visit experience.
• Optimize the patient visit experience, with a focus on wait times and communication.
• Enhance the service experience for our referring providers.

Goal 3: To foster a “One Emory Radiology” community for our faculty, staff, learners, and those who interact with us, we will:
• Embrace a set of core values and a common language reflective of our mission and vision.
• Encourage collaboration through inter-site exchange and relationship building.
• Promote “systemness” through a dedicated team of global liaisons.

Goal 4: To drive continuous innovation through our work, we will:
• Build the infrastructure to support highly innovative work.
• Recruit and retain the talent required to drive innovation.
• Establish synergistic partnerships within and outside of Emory.
• Attract and secure extramural funding for innovative programs and projects.
