February 6th

Devices, Agents, and Systems for Functional Ultrasound Imaging
Brooks Lindsey, PhD
Assistant Professor
Wallace H. Coulter Department of Biomedical Engineering
Georgia Institute of Technology and Emory University

February 13th

PET Imaging Tracers to Advance Precision Cancer Medicine and Drug Discovery
Charles Manning, PhD
Professor
Radiology and Radiological Sciences
Vanderbilt University School of Medicine

February 20th

Efforts Towards the Development of 5-HT2C Receptors PET Imaging Agents
* Different location: Center for Systems Imaging Conference Room
Fanxing Zeng, PhD
Assistant Professor
Department of Radiology and Imaging Sciences
Emory University School of Medicine

February 27th

Development of PET Radiopharmaceuticals and Transferring into Clinical Investigation for Human Use
Zhude Tu, PhD
Professor
Department of Radiology
Washington University School of Medicine

RIPS are open to all and held on Wednesday afternoon 2:30–3:30pm in Emory University Hospital, Annex N120.
